The GRAND MASTER then addressed MAHARAJAH
MAN SINGH in the Hindoostanee language, to the
following effect:—

“MAHARAJAH MAN SINGH! HER MAJESTY THE
QUEEN OF ENGLAND AND INDIA, having heard
of your good services in various important matters
connected with the administration of the Province
of Oudh, has thought fit to appoint you a KNIGHT
COMMANDER of the Most Exalted Order of the
STAR OF INDIA. In obedience, therefore, to HER
command, I now place on your person these In-
signia, and pronounce you to be a KNIGHT BACHE-
LOR throughout the Realms of Great Britain and
India.

“I take this opportunity also of stating in this
DURBAR, before this large assembly of Nobles,
and Officers, and Gentry, in the presence of your
countrymen and my own, that you have in my
estimation a special claim to honor and gratitude,
inasmuch as, at the commencement of the mutiny
in 1857, you gave refuge to more than fifty English
people in your Fort at FYZABAD, most of whom
were helpless women and children, and thus, by
God's mercy, were instrumental in saving all their
lives.”

By command of the GRAND MASTER, the purport
of HIS EXCELLENCY'S address was then read aloud
in English by the SECRETARY.

The Chapter was declared by order of the
GRAND MASTER to be closed.

Whereupon MAHARAJAH SIR MAN SINGH received
the congratulations of the VICEROY AND GOVERNOR
GENERAL and of the High OFFICERS of Govern-
ment around the THRONE.

THE DURBAR.

The INSTALLATION being concluded, a general
Durbar was held for the presentation to the VICE-
ROY AND GOVERNOR GENERAL of the Talookdars
of OUDH.

His Highness the Rajah of Kuppeorthulla,
G. C. S. I., was first introduced to His Excellency
as a Talookdar of Oudh. Then, in succession
according to their respective precedence, the re-
maining Talookdars of the Province were brought
forward to the Dais, and presented their Nuzzurs
to the Viceroy.

When the Khilluts had been displayed, the
MAHARAJAH SIR MAN SINGH advanced to the Dais,
and on behalf of the Talookdars of Oudh, read
an address to His Excellency the Viceroy and
Governor General. The purport of this address
was afterwards read in English by the Under
Secretary. It was as follows:—

“We, the Talookdars of Oudh, beg most res-
pectfully to welcome your Excellency to this
Province. It is a pleasing duty to greet the

Representative of our Gracious Queen, and express to him in person how grateful we feel for the numerous blessings conferred on us by Her Majesty's Government. Our rights have been secured to us, education is diffusing its vivifying rays, and the security of life and property has been fully established throughout the land. Words cannot convey how deeply we appreciate the benefits of British rule.

"It will be gratifying to your Excellency to learn that many of the evils of our social state have been eradicated; that the material improvement of our estates is in progress; and we trust that we are doing all in our power to help the cause of good government.

"Your Excellency's intimate knowledge of our language and of the manners and customs of our country has given your Excellency advantages seldom possessed by your Excellency's predecessors. Many difficult problems arising from the complicated organization of our society have been so satisfactorily solved by your Excellency as to leave no room for future misapprehension. We humbly offer your Excellency our heartfelt thanks for the interest your Excellency has always taken in the prosperity of Oudh. Misconceptions arising from the wording of our sunnuds have been removed; and the laws and rules made by your Excellency's Government are eminently calculated to confirm and strengthen the policy of Lord Canning, and protect the real interests of all classes of the people. We respect your Excellency's benevolent designs with regard to the lasting welfare of our tenants, and we take this opportunity to assure your Excellency that we look upon them as members of our own families, and that we believe that our interests, closely bound together, form the best safeguard of harmony and mutual good-will.

یہ ہمارے لوگوں کو اعتقاد ہی کہ رعایا اور مالک زمین کی بہبودی جو کہ ایک سلسلہ میں وابستہ ہی ہے ضامن ہی اتفاق و اتحاد ہندو کی جس انصاف اور عدل کے سابقہ دعویٰ ماتحتوں کے طے پائے ہیں اُس کے عوض ہم حضور معلیٰ کے نہایت احسان مند ہوئے۔ اُن کے حقوق بخوبی پہچانے اور اُن لوگوں کے ساتھ آپ کو تو دل سے دعا دینے میں شریک ہوئے ہیں بدولت آپ کے اُس حسن انتظام کے کہ جس کی رو سے باعث نزاع اور تفرقہ روز مرہ کا جو فریقین میں ہو رہا تھا نیست و نابود ہو گیا اور اُس کے باعث سے حشمت ملک کی بہت رک رہی تھی کوئی دن خالی نہیں جانا کہ ہم لوگ حضور کے حق میں دعا نہیں دیتے کہ حق تعالیٰ حضور معلیٰ پر اپنے رحمت برسائے اور ہم لوگوں کے گردہ میں ایسا کوئی شخص نہیں ہے کہ جو ایک لمحہ کے واسطے بھی نسبت اُس مستحسن انتظام کے کہ جس کی رو سے عظیم بخششیں نسبت استحقاق اراضی ملک اودہ میں طے پائیں زبان ناراضی کی ہلاتا ہو اور اغاب تھا کہ بہت سی نزاعیں بابت تقسیم علاقوں کے جو بعد تعلق داروں کی اُن کی اولاد کو پہنچتے پیدا ہوں اور امن و امان کی یہ کیفیت تھی کہ گو یا ہم لوگوں کے مکانوں سے مفقود ہو جائیگی اور اہالیان ایک ہی خاندان کے کہ جن میں آمیزش خون کی قرابت ہی اور جو باہم ہم مسکن تھے ایک دوسری کے نسبت نہایت خصوصیت رکھتے اور نالشات الامان تمام ملک میں ایک دوسری کی نسبت ہوا کرتی ایک تھا ہی کا طوفان ہمارے بہتری کے لئے بیشک پیدا ہو جاتا ہے لوگ حیران تھے کہ واللہ اعلم آئندہ کو ہمارے کیا حالت ہوگی مگر حق تعالیٰ نے مہربانی کی کہ حضور ایسا حاکم عاقل ہم لوگوں کو عنایت کیا کہ جس نے اُس ہوائی تند کو معتدل کرنے میں گو یا سحر کیا۔ جو قانون عقلمندی کا حضور معلیٰ کی گورنمنٹ سے اسباب میں جاری ہوا یا اب جاری کرنے کے واسطے زیر تجویز ہی اُس سے تند ہی اُس آندھی کی رک گئی اس قانون کی بدولت ہماری علاقہ دست اندازی بیجا سے محفوظ رہیں گے اور اس وجہ سے ہم لوگوں کو زیادہ تر راحت ہوگی کہ اپنی اراضی کی حیثیت درست کریں۔ حضور نے ایک عظیم عنایت ہم لوگوں پر یہ کی ہے کہ ایک روزو لیوشن جاری کیا ہے واسطے تقرر ہماری ہم وطنوں کے جو لیاقت اور استعداد ضروری رکھتے ہوں اوپر اسے عہدہ دیا

"The just and equitable manner in which the claims of under-proprietors have been settled has laid us under great obligations to your Excellency. Their rights and privileges have been defined, and we join them in blessing your Excellency from the depth of our hearts for removing the cause of constant disputes and differences between us, which so much impeded the prosperity of the land. Not a day passes in which we do not pray to God to shower His favors on your Excellency. There are none among us who for a single moment murmur at the fair arrangements by which these important questions touching the landed interests of Oudh have been adjusted.

"Many disputes were likely to arise about the partition of the estates left by Talookdars to their descendants. Peace threatened to vanish from our homes; the members of the same family, bound by ties of consanguinity, though living under the same roof, would have borne rancour against each other, and litigation would have prevailed to a fearful extent. A terrible storm might have arisen which would have swept us all away before it. We looked aghast and did not know what would become of us. God however was merciful in giving us such a wise Ruler in your Excellency's person, who as if by magic, cleared the atmosphere. The wise laws passed or in contemplation by your Excellency on this subject have arrested the course of this storm. These laws will enable us to preserve our estates intact, and give an additional impetus to the improvement of our lands.

"A great boon has been bestowed on us by your Excellency's resolution to appoint our countrymen, possessing the requisite qualifications, to higher offices of trust and honor than those to which they were eligible under former Viceroys.

“We are beholden to your Excellency for your Excellency's kind intention to open Canals to irrigate and fertilize every part of Oudh, and to connect it by Railway with the other flourishing Provinces of Hindoostan.

“We are proud of the Officers that your Excellency has given us to administer this Province. They most zealously and efficiently carry out the generous wishes of our Sovereign. No particular names need be mentioned, where there are so many that deserve our esteem. We owe a debt of gratitude to Sir Charles Wingfield, the Hon'ble Mr. Strachey, Mr. Davies, and Colonel Barrow, that can never be repaid.

“We are grateful for the honor your Excellency has done us by your visit. May God bless your Excellency and give to your Excellency long life and prosperity.”

SIR JOHN LAWRENCE then rose and, again speaking in the Hindoostanee language, replied :—

“MAHARAJAHS, RAJAHS, CHIEFS, and GENTLEMEN of the Province of Oudh !

“I have come to LUCKNOW at your invitation, to meet you at this Durbar, in order that we may exchange expressions of kindness and courtesy, and so knit together the bonds which should unite RULERS and SUBJECTS in all countries. Though we differ in race, in religion, and even, in a great degree, in habits of thought, we are all created by the same God; we are all bound by the same general laws; and we shall all have to give an account to HIM at last of the manner in which we have obeyed His Commandments. In this way, there is a common bond of union among us all, whether high or low, rich or poor, learned or ignorant.

"In the name of our Most Gracious Sovereign, the GREAT QUEEN OF ENGLAND AND INDIA, I thank you for your expressions of loyalty and attachment to HER person, which I shall duly represent to HER MAJESTY, and which I am sure that she will receive with much pleasure. HER MAJESTY never fails to take great interest in all which concerns her subjects in INDIA; and fully sympathises in their feelings and wishes.

"I acknowledge also most heartily the good-will and confidence which you have evinced in your address towards myself; and I assure you, that on my part, I quite reciprocate these sentiments towards the CHIEFS and PEOPLE of OUDH. You admit that the policy which I have pursued in the settlement of the landed tenures of OUDH has not proved detrimental to your interests; but that, on the contrary, the result has been beneficial. This is to a certain degree satisfactory. It is however, a result which should induce you to treat with kindness and real consideration those whose interests and well-being depend on your will and pleasure. Some of these people are nearly related to you; many more of them, or of their ancestors, originally had rights and interests, either independent of your control, or which from various circumstances you were obliged to respect. It is the misfortune of these people that in many instances their ancient rights, their peculiar advantages, have been swept away, and have passed into your hands; and therefore they have a strong claim on your consideration and on your sense of justice.

"I readily express my acknowledgments for the liberal spirit in which the TALOOKDARS and ZEMINDARS of OUDH have generally met my efforts to mitigate the hardships which the arrangements of 1858, and the too strict interpretation of the conditions in the sunnuds which were subsequently issued to them by the BRITISH GOVERNMENT, entailed on those whose claims were antagonistic to their own. A good deal has been done to redress these grievances; and all which has been agreed on will be carefully recorded, so that every one may be able, in case of dispute, to adduce evidence of the rights to which he has been admitted. But much must still depend on yourselves, and on the good relations which are maintained between these people and yourselves—much which laws and rules can never reach, and which must rest on your own conception of fair dealing and justice.

"It is many years since I first visited OUDH, and many important changes have since that time taken place. I hope that all of them will eventually for the general benefit both of its Chiefs and people; and that all will long enjoy peace, prosperity, and contentment.

"I have paid much attention to the administration of this Province, and can bear testimony to the energy and ability with which its affairs have been conducted since it came under British control. And I am glad to understand that you are generally satisfied with your Rulers, and believe that they work for the public good.

"It is only right that I should remind you that no Government can be based on solid foundations where all classes of the people are not generally prosperous and contented; where they do not fairly enjoy the fruits of their own labor; and where peace and security do not prevail. A Government ought not to exist for the special advantage of any one class, but for the common benefit of all.

"Every CHIEF and every LANDHOLDER should endeavour, as far as may be practicable, to act in co-operation with the Government Officials of his District. In this way improvements of all kinds will be made; and the intelligence and physical condition of the mass of the people will be gradually elevated, while the legitimate influence of the nobility and gentry will be maintained, and indeed will increase. If however on the contrary, these classes should unhappily be regardless of the welfare of the people, and unwilling to aid in measures for their improvement, they will certainly lose their influence in the country. Then, however aggrieved they may feel, the fault will lie at their own doors. But I hope for better things from the Chiefs and Gentry of Oudh.

"In your address you allude very justly to the vast benefits of RAILROADS and CANALS to the PROVINCE OF OUDH. Such works are of great importance in every country, and it is the constant desire of the BRITISH GOVERNMENT to extend such advantages, as far as may be practicable, in every direction. Their tendency is to enrich all classes, and to impoverish none. But such works, and indeed many other improvements, are greatly needed everywhere, and vast sums of money are necessary for their adequate development, which the resources of the State cannot afford to the extent required. The GOVERNMENT OF INDIA does not spend the public revenues in pomp and show, but in necessary and useful objects; and you may be quite certain that Oudh will receive her share.

"My friends, I again thank you for the kind terms of your address. I feel an earnest desire for your welfare; and I trust that as years flow on, you may become more and more sensible of the solid benefits of British rule in India."

SIR JOHN LAWRENCE having resumed his seat, the FOREIGN SECRETARY, by command of the VICEROY, read from the steps of the THRONE HIS EXCELLENCY'S speech in English.

Whereupon Uttur and Pan were distributed to the Chiefs and Talookdars, and the Durbar was ended.

The Viceroy and Governor General retired from the Hall, under a Royal salute.

9. Every person appointed under Section 7 or Section 8 of this Act, to act temporarily as Principal Sadr Amin, Sadr Amin, or Munsif of any specified place, shall have the powers and perform the duties which he would have had and been liable to perform in case he had been duly appointed a permanent Principal Sadr Amin, Sadr Amin or Munsif (as the case may be) of the same place.

Powers and duties of holders of acting appointments.

PART III.

10. Whenever the Local Government shall be of opinion that there are good grounds for making a formal and public inquiry into the truth of any charge of misbehaviour by any Principal Sadr Amin, Sadr Amin or Munsif, it shall cause the substance of the charge to be drawn into distinct articles, and shall order a formal and public inquiry to be made into the truth thereof.

And whoever makes a statement in any such charge which is false, and which he either knows or believes to be false, or does not believe to be true, shall be deemed to have intentionally given false evidence in a stage of a judicial proceeding.

Charge by private person.

14. Where the charge shall have been made by a private accuser, and the Local Government shall think fit to leave to him the conduct of the prosecution, the Local Government, before issuing the commission, shall require him to furnish reasonable security that he will attend and prosecute the charge; and that he will also be forthcoming to answer any countercharge or suit which may afterwards be brought against him in respect of the said charge.

Security from private prosecutor.

15. At any subsequent stage of the proceeding, the Local Government may, if it think fit, abandon the prosecution; and in such case may, if it think fit, on the application of the accuser, allow him to continue the prosecution if he is desirous of so doing, on his furnishing such security as is hereinafter mentioned.

16. The Commissioner shall be deemed to be a public servant within the meaning of Chapter X of the Indian Penal Code, and shall have the same powers for summoning witnesses and compelling the production of documents, and generally for the discharge of his duty under the commission, and shall be entitled to the same protection as a District Judge, except that all summonses to witnesses or other compulsory process, shall be served through, and executed by, the District Judge in whose jurisdiction the witness or other person on whom the process is to be served, resides; and if he resides within the local limits of the ordinary original civil jurisdiction of the High Courts of Judicature at Calcutta, Madras or Bombay, then through such High Court.

Commissioner's power to punish contempts and issue process.

When the commission has been issued to a Court, or any person having power to issue such process in the exercise of its or his ordinary authority, the Court or he may also use all such power for the purposes of the commission.

17. All persons disobeying any lawful process issued as aforesaid for the purposes of the commission, shall be liable to the same penalties as if the process had issued originally from the Court or other authority through which or through whom it is executed.

18. A copy of the articles of charge and a list of the documents and witnesses by which each charge is to be sustained, shall be delivered to the person accused at least three days before the beginning of the inquiry, exclusive of the day of delivery and of the first day of inquiry.

19. At the beginning of the inquiry the prosecutor shall exhibit the articles of charge to the Commissioner.

Such articles shall be openly read, and the person accused shall thereupon be asked whether he is guilty of the offence charged, or claims to be tried.

If the accused person pleads guilty to each of the articles, or if he refuses, or without reasonable cause neglects to answer the charge either personally or by his counsel, the inquiry shall be deemed to be closed, and he shall be taken to have admitted the truth of the articles of charge.

20. If the accused person shall claim to be tried, the prosecutor shall then be entitled to address the Commissioner in explanation of the articles of charge and of the evidence by which they are to be proved, but his address shall not be recorded.

21. The Commissioner or some person appointed by him, shall take notes in English of all the oral evidence: the provisions of Sections 198, 199, 200, 244, 365, 367, 372, 373, 374, 375, 376 and 377 of the Code of Criminal Procedure shall, *mutatis mutandis*, be applicable to inquiries before Commissioners under this Part; and every such inquiry shall be deemed to be a judicial proceeding within the meaning of Section 193 of the Indian Penal Code.

22. After the close of the inquiry the Commissioner shall forthwith report to the Local Government his proceedings under the commission, and shall send, with the record thereof, his opinion of the articles of charge severally, with such observations as he thinks fit on the whole case.

23. The Local Government, upon consideration of the report of the Commissioner, may order him to take further evidence or give further explanations of his opinion. It may also order additional articles of charge to be framed, in which case the inquiry into the truth of such additional articles shall be made in the same manner as is herein directed with respect to the original charges.

When Special Commissioners shall have been appointed, the Local Government may also, if it think fit, refer the report of the Commissioners to the Court, or other authority to which the person accused is subordinate, for its opinion on the case, and the Local Government will finally pass such orders thereon as may be just and within its powers in such cases.

24. The Judge of a District Court may, whenever he sees urgent necessity for so doing, suspend any Principal Sadr Amin, Sadr Amin or Munsif within his jurisdiction: but in every such case he shall forthwith report to the Local Government the circumstances of the case.

25. Every British-born subject of the Queen, or descendant of such British-born subject, who shall be appointed a Principal Sadr Amin, Sadr Amin, or Munsif shall, in respect of all acts done by him as such Principal Sadr Amin, Sadr Amin, or Munsif, be liable to the same procedure as well criminal as civil, and shall be amenable to the jurisdiction of the same tribunal, as if he were not of British birth or descent.

26. Nothing in this Act shall be construed to affect the provisions contained in Section 167 of the Code of Criminal Procedure, or the authority of the Local Government to suspend or remove any Principal Sadr Amin, Sadr Amin, or Munsif, for any cause, without an inquiry under this Part, and to appoint another person in his stead.

PART IV.

Jurisdiction.

(a.)—Principal Sadr Amins.

27. Principal Sadr Amins are empowered to try original suits for moveable or immoveable property of any amount or value exceeding rupees three thousand.

28. Whenever it may appear to any District Judge impracticable to dispose, with reasonable despatch, of all the appeals that may be pending before him, he may refer such number of appeals as he may deem necessary, to the Principal Sadr Amin subordinate to him; and such Principal Sadr Amin shall hear and dispose of such appeals accordingly.

29. The Local Government may, whenever it shall seem expedient so to do, invest any Principal Sadr Amin with the powers of a Judge of a Court of Small Causes, within such local limits as it shall from time to time appoint. But save as provided in the former part of this Section, nothing in this Act shall be deemed to affect Courts of Small Causes.

(b.)—*Sadr Amins.*

30. Sadr Amins are empowered to try original suits for moveable or immoveable property, the amount or value of which shall exceed rupees one thousand and shall not exceed rupees three thousand.

(c.)—*Munsifs.*

31. Munsifs are empowered to try original suits for moveable or immoveable property not exceeding in amount or value the sum of rupees one thousand, or such greater sum as the Local Government shall, by notification in the official *Gazette*, from time to time appoint.

(d.)—*District Judges.*

32. In all suits before the Court of any Principal Sadr Amin or Munsif of which the amount or value of the subject-matter shall be equal to, or less than, the sum of rupees ten thousand, the appeal from the decision of the said Courts shall be to the District Judge to whom, and not to the High Court to which, such Court shall be subordinate. In all other suits the appeal from the decision of the said Courts shall be direct to the High Court, and shall be conducted as if it were an appeal from a decision of a District Judge to the High Court.

33. Whenever a District Judge shall refer for trial to a Sadr Amin or Principal Sadr Amin, a suit which a Munsif is competent to decide, the suit shall be subject to the same rules in regard to appeal as it would have been subject to had it been in the first instance received and tried by the Munsif: Provided that, when any such suit shall have been decided by a Principal Sadr Amin, the appeal from such decision shall lie to the District Judge, and his decision thereon shall be final.

34. Whenever a District Judge shall refer for trial to a Principal Sadr Amin a suit which a Sadr Amin is competent to decide, the suit shall be subject to the same rules in regard to appeal as it would have been subject to had it been in the first instance referred to and tried by the Sadr Amin.

35. The High Court may from time to time by order under the hand of its Registrar, authorize the Judge of any District Court subordinate to such High Court to transfer to a Principal Sadr Amin any civil proceedings, whether miscellaneous or summary, which may be pending when such order is issued, or may be thereafter instituted, in the Court of such District Judge. And all proceedings so transferred shall be disposed of by the Principal Sadr Amin according to the rules prescribed for the guidance of District Judges in the like cases: Provided

that an appeal from the order of the Principal Sadr Amin in such cases shall lie in the first instance to the District Judge, and specially to the High Court.

Act No. XXXVII of 1850.	For regulating inquiries into the behaviour of public servants.	So far as relates to Principal Sadr Amins, Sadr Amins and Munsifs in the Presidency of Fort William in Bengal.

STATEMENT OF OBJECTS AND REASONS.

The primary object of this Bill is to increase in the Presidency of Bengal the jurisdiction of the District Munsifs. That jurisdiction, which in Madras extends to rupees 1,000 and in Bombay to rupees 3,000, has, since 1831, been limited in the Lower and the North-Western Provinces to rupees 300. Both the local High Courts are of opinion that the judicial ability of the Bengal Munsifs is now such that they may be safely entrusted at once with a jurisdiction extending to rupees 1,000, power being reserved to the Local Government to raise the jurisdiction from time to time as may seem expedient. It is proposed that the Munsifs shall be appointed by the Local Government.

The Bill raises the jurisdiction of Sadr Amins to rupees 3,000.

The opportunity has been taken of consolidating the twelve Regulations and Acts in which the law relating to Principal Sadr Amins, Sadr Amins and Munsifs in Bengal is now contained.

Provision is also made for investing Principal Sadr Amins with the jurisdiction of Judges of Courts of Small Causes. The converse provision,—for investing Small Cause Court Judges with the jurisdiction of Principal Sadr Amins—has already been made by Act No. XI of 1865.

Lastly, in order to restore to the Civil Judges the jurisdiction of which they have been deprived by the operation of the mode of valuing revenue-paying lands introduced by the new Stamp Act, the Bill proposes to raise their appellate jurisdiction to rupees 10,000.

No. 1103 of 1867.—With the view of alleviating the pressure on the married European Soldier, caused by the high prices of food, which from time to time prevail at different stations in the three Presidencies, and which the fixed subsistence allowance granted by the State to aid him in maintaining his wife and children but imperfectly meets, the Right Hon'ble the Governor General in Council is pleased to decide that whenever, and for so long as, the actual cost to the Commissariat Department of the Soldier's ration in any station shall exceed Rs. 14 a month, the Soldier shall have the option of drawing, in lieu of half the subsistence allowance which he receives for his wife and children respectively, a half ration for the former, and a quarter ration for each of the latter above one year old.

2. The required rations must be duly notified and drawn, and the recovery effected under Regimental arrangements, and, on each occasion in which the arrangement is found necessary, a report

must be made for the information of the Government of India.

3. At all times the wives of Soldiers shall be allowed to purchase, for the *bond fide* consumption of themselves and their children, any articles of Commissariat supply at the Agency or Contract rates, payments being made in "Cash," or secured by Regimental arrangements.

No. 1104 of 1867.—Four Regiments of Native Cavalry from the Bengal and Bombay Presidencies having been placed under orders for service in Abyssinia, and as during a sea-voyage the Officers, Non-Commissioned Officers, and Sowars would be unable to make the requisite provision for the forage of their horses, whilst difficulty might probably be experienced in this respect during a portion, at least, of the service on land, His Excellency the Governor General in Council has determined that the forage of the horses and of the due proportion

of Yaboos and Tattoos accompanying, shall be undertaken by the State, with such assistance as the Regiments and followers may be enabled to render, the pay of all grades during the existence of this arrangement being regulated accordingly at an uniform rate for the two Presidencies.

2. In all other respects, the Silladar system will be maintained in its integrity, and all grades will be held responsible for the due care and condition of their horses and cattle.

3. All ranks will be required, as at present, to maintain one efficient horse, but the Native Commissioned Officers will be allowed forage for two horses each, if they desire to take a second charger.

4. Each Native Commissioned Officer will be required to keep up one Yaboo or Tattoo, and one attendant as syce and grass-cutter, whether he takes one or two horses; and the Non-Commissioned Officers and Privates to maintain one Yaboo or Tattoo, and one grass-cutter, for every two horses.

5. The attendants will be paid by the Troops as usual, but the Yaboos and Tattoos will receive grain and, when necessary, hay free of cost; but both grass-cutters and Yaboos or Tattoos will be required to assist in procuring forage when obtainable, and must be held entirely disposable for that purpose.

6. On boardship the forage and water will be issued under the usual Regulations; Yaboos and Tattoos receiving a half ration of forage, and two-thirds of a horse's supply of water, or as may be specially ordered.

7. On land, the forage allowance for each horse will be lbs. 8 of gram or oats, or the equivalent of any other grain available, with lbs. 20 of hay or dried grass, when green forage is not obtainable. For each Yaboo or Tattoo, the allowance will be one-half of the forage ration of a horse, or as may be specially ordered.

8. When green forage is partially procurable, 3 lbs. will be considered the equivalent of 2 lbs. of hay.

9. Whilst on boardship, and during the continuance of the service, the grass-cutters will be allowed the scale of rations sanctioned for followers, or ration money at the rate of Rs. 2-8-8 each, in addition to the amount paid to them by the Regiments.

10. The Native Commissioned and Non-Commissioned Officers and men will continue to subscribe to their Regimental funds to such extent as Commanding Officers may deem necessary, within the limits prescribed by Regulations.

11. They will continue to supply their ordinary clothing, equipments, saddlery, and stable gear, but any articles of extra clothing rendered necessary by the nature of the service will be issued free of cost.

12. As already stated, all grades will continue responsible for the welfare and condition of their horses, and all casualties arising from neglect, or from causes evidently unconnected with the particular nature of the service, must, as usual, be re-placed by the Regiments concerned. Each Troop will be allowed to embark and maintain two Chunda horses to meet such casualties, which will be rationed free of cost.

13. All casualties fairly attributable to or connected with the service, including those from

accident on boardship or during embarkation or disembarkation, will, if there has been no proved neglect, be re-placed by Government, or compensation will be allowed according to the age and value of the horse so injured or destroyed, within the Regulation limit of Rs. 200.

14. Compensation will also be allowed for casualties amongst the Yaboos or Tattoos, consequent on the nature of the service, at a rate not exceeding in any case Rs. 30; or the animals will be re-placed by Government.

15. During the continuance of this arrangement, the pay of the several grades will be as follows:—

HOME DEPARTMENT.

LEGISLATIVE.

The following Bill was introduced into the Council of the Governor General of India for the purpose of making Laws and Regulations on the 29th November 1867, and was referred to a Select Committee with instructions to make their report thereon in six weeks:—

No. 34 of 1867.

A Bill to consolidate and amend the law relating to Principal Sadr Amins, Sadr Amins and Munsifs, and for other purposes.

WHEREAS it is expedient to consolidate and amend the law relating to Principal Sadr Amin, Sadr

Amins and Munsifs in the territories respectively under the governments of the Lieutenant Governor of the Lower Provinces and of the Lieutenant Governor of the North-Western Provinces of the Presidency of Fort William in Bengal: and whereas it is also expedient to provide for the investment of Principal Sadr Amins in such territories with the jurisdiction of Judges of Courts of Small Causes beyond the local limits of the ordinary original civil jurisdictions of the High Courts of Judicature; and whereas it is also expedient to raise the appellate jurisdiction of the District Judges in such territories to the limit hereinafter mentioned; It is hereby enacted as follows:—

PART I.

* Preliminary.

1. The Regulations and Acts mentioned in the Schedule to this Act are hereby repealed to the extent specified in the third column of the same Schedule, but not so far as they repeal any other enactments. All appointments made and proceedings taken under any enactment hereby repealed, shall be deemed to have been made and taken under this Act.

Interpretation clause. 2. In this Act,—

“Local Government” means the Lieutenant Governor of the Lower Provinces, or the Lieutenant Governor of the North-Western Provinces of the said Presidency, as the case may be;

“High Court” means the High Court of Judicature at Fort William, or the High Court of Judicature of the North-Western Provinces of the said Presidency, as the case may be; and

“District Judge” means the Judge of a principal Civil Court of original jurisdiction.

3. This Act extends only to the territories for the time being respectively under the government of the Lieutenant Governor of the Lower Provinces and the Lieutenant Governor of the North-Western Provinces of the said Presidency.

PART II.

Appointment of Principal Sadr Amin, Sadr Amin and Munsifs.

4. The Local Government may appoint such persons as it may think proper to be Principal Sadr Amin, Sadr Amin and Munsifs to hold office during the pleasure of the same Government. And no person shall, by reason of place of birth or by reason of descent, be incapable of being a Principal Sadr Amin, Sadr Amin, or Munsif.

The Local Government shall define the local limits of the jurisdiction of the persons appointed under this Section, and may from time to time vary such limits.

Every person so appointed shall be deemed to be a Civil Court within the meaning of the Code of Civil Procedure.

5. Every person hereafter appointed to the office of Principal Sadr Amin, Sadr Amin, or Munsif, shall be furnished with a sanad under the seal of the Local Government, and in such form as such Government shall, from time to time, prescribe.

6. Previously to entering on the duties of his office, every person so appointed shall subscribe, before the District Judge to whom he shall be subordinate, a solemn declaration to the following effect:—

“I A. B., appointed to the office of Principal Sadr Amin [or Sadr Amin or Munsif, as the case may be] of do solemnly declare that, in

the trial and determination of all suits which may come under my cognizance, and in the execution of all other duties of my office, I will act according to the best of my abilities and judgment, without partiality, favour, or affection; and that I will not directly or indirectly receive, or knowingly allow any other person to receive, any money, effects or property, on account of any suit that may come before me for decision, or on account of any public duty which I may have to execute. I will strictly adhere to all the rules for my guidance, and I will in all respects truly and faithfully execute the trust reposed in me."

7. The Local Government shall have power to appoint any person to act temporarily as Principal Sadr Amin, Sadr Amin, or Munsif, for such time as the Local Government shall in each case direct.

8. Subject to the provision contained in the last preceding Section, a District Judge, on the occurrence within his jurisdiction of any vacancy in the office of District Munsif, shall have power to appoint temporarily such person as he shall think fit to act in such office, for such time as he shall direct, subject to the approval of the Local Government.

The District Judge shall without unnecessary delay communicate to the Local Government such information as he may have obtained regarding the age, capacity, character, education and past employments of any person whom he may have appointed temporarily as aforesaid, and state at the same time whether or not he recommends him to fill such office permanently; and shall cause all papers in the matters pending before the late Munsif to be delivered over to his successor, or otherwise to be disposed of as circumstances may require.

9. Every person appointed under Section 7 or Section 8 of this Act, to act temporarily as Principal Sadr Amin, Sadr Amin, or Munsif of any specified place, shall have the powers and perform the duties which he would have had and been liable to perform in case he had been duly appointed a permanent Principal Sadr Amin, Sadr Amin or Munsif (as the case may be) of the same place.

PART III.

Suspension and Removal of Principal Sadr Amins, Sadr Amins and Munsifs.

10. Whenever the Local Government shall be of opinion that there are good grounds for making a formal and public inquiry into the truth of any charge of misbehaviour by any Principal Sadr Amin, Sadr Amin or Munsif, it shall cause the substance of the charge to be drawn into distinct articles, and shall order a formal and public inquiry to be made into the truth thereof.

11. Such inquiry may be committed either to the District Judge to whom the person accused is subordinate, or to any other person specially appointed by the Local Government a Commissioner in this behalf. Notice of such commission shall be given to the person accused, ten days at least before the beginning of the inquiry.

12. When the Local Government shall think fit to conduct the inquiry, it shall nominate some person to conduct the same on its behalf.

13. When the charge shall be brought by a private accuser, the Local Government shall require the charge to be reduced to writing, and verified by the accuser in manner required by law for the verification of plaints. And whoever makes a statement in any such charge which is false, and which he either knows or believes to be false, or does not believe to be true, shall be deemed to have intentionally given false evidence in a stage of a judicial proceeding.

14. Where the charge shall have been made by a private accuser, and the Local Government shall think fit to leave to him the conduct of the prosecution, the Local Government, before issuing the commission, shall require him to furnish reasonable security that he will attend and prosecute the charge; and that he will also be forthcoming to answer any countercharge or suit which may afterwards be brought against him in respect of the said charge.

15. At any subsequent stage of the proceeding, the Local Government may, if it think fit, abandon the prosecution; and in such case may, if it think fit, on the application of the accuser, allow him to continue the prosecution if he is desirous of so doing, on his furnishing such security as is hereinbefore mentioned.

16. The Commissioner shall be deemed to be a public servant within the meaning of Chapter X of the Indian Penal Code, and shall have the same powers for summoning witnesses and compelling the production of documents, and generally for the discharge of his duty under the commission, and shall be entitled to the same protection as a District Judge, except that all summonses to witnesses or other compulsory process, shall be served through, and executed by, the District Judge in whose jurisdiction the witness or other person on whom the process is to be served, resides; and if he resides within the local limits of the ordinary original civil jurisdiction of the High Courts of Judicature at Calcutta, Madras or Bombay, then through such High Court.

When the commission has been issued to a Court, or any person having power to issue such process in the exercise of its or his ordinary authority, the Court or he may also use all such power for the purposes of the commission.

17. All persons disobeying any lawful process issued as aforesaid for the purposes of the commission, shall be liable to the same penalties as if the process had issued originally from the Court or other authority through which or through whom it is executed.

18. A copy of the articles of charge and a list of the documents and witnesses by which each charge is to be sustained, shall be delivered to the person accused at least three days before the beginning of the inquiry, exclusive of the day of delivery and of the first day of inquiry.

19. At the beginning of the inquiry the prosecutor shall exhibit the articles of charge to the Commissioner.

Such articles shall be openly read, and the person accused shall thereupon be asked whether he is guilty of the offence charged, or claims to be tried.

If the accused person pleads guilty to each of the articles, or if he refuses, or without reasonable cause neglects to answer the charge either personally or by his counsel, the inquiry shall be deemed to be closed, and he shall be taken to have admitted the truth of the articles of charge.

20. If the accused person shall claim to be tried, the prosecutor shall then be entitled to address the Commissioner in explanation of the articles of charge and of the evidence by which they are to be proved, but his address shall not be recorded.

21. The Commissioner or some person appointed by him, shall take notes in English of all the oral evidence: the provisions of Sections 198, 199, 200, 244, 365, 367, 372, 373, 374, 375, 376 and 377 of the Code of Criminal Procedure shall, *mutatis mutandis*, be applicable to inquiries before Commissioners under this Part; and every such inquiry shall be deemed to be a judicial proceeding within the meaning of Section 193 of the Indian Penal Code.

22. After the close of the inquiry the Commissioner shall forthwith report to the Local Government the commission, and shall send, with the record thereof, his opinion of the articles of charge severally, with such observations as he thinks fit on the whole case.

23. The Local Government, upon consideration of the report of the Commissioner, may order him to take further evidence or give further explanations of his opinion. It may also order additional articles of charge to be framed, in which case the inquiry into the truth of such additional articles shall be made in the same manner as is herein directed with respect to the original charges.

When Special Commissioners shall have been appointed, the Local Government may also, if it think fit, refer the report of the Commissioners to the Court, or other authority to which the person accused is subordinate, for its opinion on the case, and the Local Government will finally pass such orders thereon as may be just and within its powers in such cases.

24. The Judge of a District Court may, whenever he sees urgent necessity for so doing, suspend any Principal Sadr Amín, Sadr Amín or Munsif within his jurisdiction: but in every such case he shall forthwith report to the Local Government the circumstances of the case.

25. Every British-born subject of the Queen, or descendant of such British-born subject, who shall be appointed a Principal Sadr Amín, Sadr Amín, or Munsif shall, in respect of all acts done by him as such Principal Sadr Amín, Sadr Amín, or Munsif, be liable to the same procedure as well criminal as civil, and shall be amenable to the jurisdiction of the same tribunal, as if he were not of British birth or descent.

26. Nothing in this Act shall be construed to affect the provisions contained in Section 167 of the Code of Criminal Procedure, or the authority of the Local Government to suspend or remove any Principal Sadr Amín, Sadr Amín, or Munsif, for any cause, without an inquiry under this Part, and to appoint another person in his stead.

PART IV.

Jurisdiction.

(a.)—Principal Sadr Amíns.

27. Principal Sadr Amíns are empowered to try original suits for moveable or immoveable property of any amount or value exceeding rupees three thousand.

28. Whenever it may appear to any District Judge impracticable to dispose, with reasonable despatch, of all the appeals that may be pending before him, he may refer such number of appeals as he may deem necessary, to the Principal Sadr Amín subordinate to him; and such Principal Sadr Amín shall hear and dispose of such appeals accordingly.

29. The Local Government may, whenever it shall seem expedient so to do, invest any Principal Sadr Amín with the powers of a Judge of a Court of Small Causes, within such local limits as it shall from time to time appoint. But save as provided in the former part of this Section, nothing in this Act shall be deemed to affect Courts of Small Causes.

(b.)—*Sadr Amíns.*

30. Sadr Amíns are empowered to try original suits for moveable or immoveable property, the amount or value of which shall exceed rupees one thousand and shall not exceed rupees three thousand.

(c.)—*Munsifs.*

31. Munsifs are empowered to try original suits for moveable or immoveable property not exceeding in amount or value the sum of rupees one thousand, or such greater sum as the Local Government shall, by notification in the official *Gazette*, from time to time appoint.

(d.)—*District Judges.*

32. In all suits before the Court of any Principal Sadr Amín or Munsif of which the amount or value of the subject-matter shall be equal to, or less than, the sum of rupees ten thousand, the appeal from the decision of the said Courts shall be to the District Judge to whom, and not to the High Court to which, such Court shall be subordinate. In all other suits the appeal from the decision of the said Courts shall be direct to the High Court, and shall be conducted as if it were an appeal from a decision of a District Judge to the High Court.

Appellate jurisdiction of District Judges.

33. Whenever a District Judge shall refer for trial to a Sadr Amín or Principal Sadr Amín, a suit which a Munsif is competent to decide, the suit shall be subject to the same rules in regard to appeal as it would have been subject to had it been in the first instance received and tried by the Munsif: Provided that, when any such suit shall have been decided by a Principal Sadr Amín, the appeal from such decision shall lie to the District Judge, and his decision thereon shall be final.

34. Whenever a District Judge shall refer for trial to a Principal Sadr Amín a suit which a Sadr Amín is competent to decide, the suit shall be subject to the same rules in regard to appeal as it would have been subject to had it been in the first instance referred to and tried by the Sadr Amín.

35. The High Court may from time to time by order under the hand of its Registrar, authorize the Judge of any District Court subordinate to such High Court to transfer to a Principal Sadr Amín any civil proceedings, whether miscellaneous or summary, which may be pending when such order is issued, or may be thereafter instituted, in the Court of such District Judge. And all proceedings so transferred shall be disposed of by the Principal Sadr Amín according to the rules prescribed for the guidance of District Judges in the like cases: Provided

that an appeal from the order of the Principal Sadr Amín in such cases shall lie in the first instance to the District Judge, and specially to the High Court.

Bengal Regulation V of 1831. Act No. XXXVII of 1850.	For regulating inquiries into the behaviour of public servants.	So far as relates to Principal Sadr Amíns, Sadr Amíns and Munsifs in the Presidency of Fort William in Bengal.

STATEMENT OF OBJECTS AND REASONS.

The primary object of this Bill is to increase in the Presidency of Bengal the jurisdiction of the District Munsifs. That jurisdiction, which in Madras extends to rupees 1,000 and in Bombay to rupees 3,000, has, since 1831, been limited in the Lower and the North-Western Provinces to rupees 300. Both the local High Courts are of opinion that the judicial ability of the Bengal Munsifs is now such that they may be safely entrusted at once with a jurisdiction extending to rupees 1,000, power being reserved to the Local Government to raise the jurisdiction from time to time as may seem expedient. It is proposed that the Munsifs shall be appointed by the Local Government.

The Bill raises the jurisdiction of Sadr Amíns to rupees 3,000.

The opportunity has been taken of consolidating the twelve Regulations and Acts in which the law relating to Principal Sadr Amíns, Sadr Amíns and Munsifs in Bengal is now contained.

Provision is also made for investing Principal Sadr Amíns with the jurisdiction of Judges of Courts of Small Causes. The converse provision,—for investing Small Cause Court Judges with the jurisdiction of Principal Sadr Amíns—has already been made by Act No. XI of 1865.

Lastly, in order to restore to the Civil Judges the jurisdiction of which they have been deprived by the operation of the mode of valuing revenue-paying lands introduced by the new Stamp Act, the Bill proposes to raise their appellate jurisdiction to rupees 10,000.

The Right Hon'ble the Viceroy and Governor General is pleased to publish for general information and guidance the orders of Her Majesty The Queen regarding Foreign Orders and Medals—

The Queen has been pleased to direct that the following Regulations respecting Foreign Orders and Medals shall be substituted for those now in force :—

Regulations respecting Foreign Orders.

1. No Subject of Her Majesty shall accept a Foreign Order from the Sovereign of any foreign country, or wear the Insignia thereof, without having previously obtained Her Majesty's permission to that effect, signified by a Warrant under Her Royal Sign-Manual.

2. Such permission shall not be granted to any Subject of Her Majesty, unless the Foreign Order

shall have been conferred in consequence of active and distinguished Service before the Enemy, either at Sea or in the Field, or unless he shall have been actually and entirely employed, beyond Her Majesty's dominions, in the Service of the Foreign Sovereign by whom the Order is conferred.

3. The intention of a Foreign Sovereign to confer upon a British Subject the Insignia of an Order must be notified to Her Majesty's Principal Secretary of State for Foreign Affairs, either through the British Minister accredited to the Court of such Foreign Sovereign, or through His Minister accredited at the Court of Her Majesty.

4. If the service for which it is proposed to confer the Order has been performed during War, the Notification required by the preceding Clause must be made not later than two years after the exchange of the Ratifications of a Treaty of Peace.

If the service has been performed in time of Peace, the Notification must be made within two years after the date of such service.

5. After such Notification shall have been received, Her Majesty's Principal Secretary of State for Foreign Affairs shall, if the case comes within the conditions prescribed by the present Regulations, and arises from Naval or Military Services before the Enemy, refer it to Her Majesty's Principal Secretary of State for the War Department, previously to taking Her Majesty's pleasure thereupon, in order to ascertain whether there be any objection to Her Majesty's permission being granted.

A similar reference shall also be made to the Commander-in-Chief if the application relates to an Officer in the Army, or to the Lords of the Admiralty if it relates to an Officer in the Navy.

6. When Her Majesty's Principal Secretary of State for Foreign Affairs shall have taken the Queen's pleasure on any such application, and shall have obtained Her Majesty's permission for the person in whose favor it has been made to accept the Foreign Order, and wear the Insignia thereof, he shall signify the same to Her Majesty's Principal Secretary of State for the Home Department, in order that he may cause the Warrant required by Clause 1 to be prepared for the Royal Sign-Manual.

When such Warrant shall have been signed by the Queen, a Notification thereof shall be inserted in the *Gazette* stating the service for which the Foreign Order has been conferred.

7. The Warrant signifying Her Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms.

8. Every such Warrant as aforesaid shall contain a Clause providing that Her Majesty's license and permission does not authorize the assumption of any style, appellation, rank, precedence or privilege appertaining to a Knight Bachelor of Her Majesty's Realms.

9. When a British Subject has received the Royal permission to accept a Foreign Order, he will at any future time be allowed to accept the Decoration of a higher Class of the same Order, to which he may have become eligible by increase of rank in the Foreign Service, or in the Service of his own country; or any other distinctive mark of honor strictly consequent upon the acceptance of the original Order, and common to every person upon whom such Order is conferred.

10. The preceding Clause shall not be taken to apply to Decorations of the Guelphic Order which were bestowed on British Subjects by Her Majesty's predecessors King George IV and King William IV, on whose heads the Crowns of Great Britain and of Hanover were united.

Decorations so bestowed cannot properly be considered as rewards granted by a Foreign Sovereign for services rendered according to the purport of Clause 2 of these Regulations. They must be rather considered as personal favors bestowed on British Subjects by British Sovereigns, and as having no reference to services rendered to the Foreign Crown of Hanover.

Regulations respecting Foreign Medals.

1. Applications for permission to accept and wear Medals which, not being the Decoration of any Foreign Order, are conferred by a Foreign Sovereign on British Subjects in the Army or in the Navy for Military or for Naval Services, should be addressed, as the case may be, to the Commander-in-Chief, the Master General of the Ordnance, or the Lords of the Admiralty, who, if they see fit, may submit the same to Her Majesty's Principal Secretary of State for Foreign Affairs for Her Majesty's sanction; upon obtaining which they may grant such permission without any other formality.

2. Permission to wear a Foreign Medal cannot be granted to a British Subject unless such Medal is bestowed for Military or Naval Services performed by the command or with the sanction of Her Majesty. But no permission is necessary for accepting a Foreign Medal, if such Medal is not to be worn.

Telegraph.

The 2nd December 1867.

No. 98.

The following Rules for the transmission of messages by the Government Telegraph have been sanctioned by the Governor General in Council, and are published for general information:—

RULES.

GOVERNMENT TELEGRAPH DEPARTMENT.

The following revised Rules for the transmission of messages on the lines of this Department will come into operation on the 15th January 1866:—

1. Messages are received at all hours day and night, with exception of Sunday, Christmas day, New year's day, the Queen's birth day, and Good

Friday, when the Offices will be closed between the hours of 8 and 16 (or 4 P. M.)

2. Messages tendered for transmission on ordinary days between 18 h. (or 6 P. M.) and 6 h. of the following day, and between 6 h. and 8 h., and 16 h. and 18 h. (or 4 P. M. and 6 P. M.) on the above named holidays, will be charged double the ordinary rate.

3. In assimilation to the practice in force on European lines, messages will be charged for by groups and half groups. A group will consist of 20 words, and half a group of any number not exceeding 10.

4. A message, however short and not exceeding 20 words, will be charged for as one group. Above 20 words and not exceeding 30, as a group and a half. Above 30 words and not exceeding 40, as two groups, and so on.

5. With the exception of the prefixes "From" and "To" and the name of the Station from which despatched, *every word* in the address and body of the message will be charged for.

6. The number of groups being ascertained, the cost of the message will be calculated according to the following scale:—

Scale of Charges for a group of 20 words.

Not exceeding	... 100 Miles, Rs. 0 8 0	In addition to a Booking Fee of 8 annas on each message.
Above 100 and not exceeding 200	" " 1 0 0	
" 200 " " 400	" " 1 8 0	
" 400 " " 800	" " 2 0 0	
" 800 " " 1,200	" " 3 0 0	
" 1,200 " " 1,600	" " 4 0 0	
" 1,600 " " 2,000	" " 5 0 0	

and so on, adding one Rupee for every 400 miles, or fraction of 400 miles. Half the above rates will be charged for every 10 words or fraction of 10 words after the first group.

7. The distances between Stations, measured on the shortest route by which it is possible to telegraph by a Government wire, will be found in the Tariff Book, which may be obtained at any Government Telegraph Office, Price 3 Rupees per copy.

8. Peon hire has been abolished, and in lieu thereof a fixed Booking Fee of 8 annas is to be levied on every message irrespective of its length, the distance it has to travel, or the hour it is tendered for transmission. This fee is to cover the expense of registering the message at the Booking Station and of the Peon who delivers it. Should a message be sent partly by the Government and partly by private lines, the Booking Fee will be paid *once only* for each system of lines.

9. Peons will deliver messages *free* to any place not exceeding five miles from the Telegraph Office. Beyond this distance, messages will be sent either by Post registered, the fee being pre-paid, or by such other means as the sender may arrange and *pre-pay* for at the Booking Station. Any additional words that may be necessary to explain the mode of delivery of a message, when its destination is more than five miles beyond the nearest Telegraph Office, will be considered as part of the message and charged for accordingly.

10. Two Rupees and a Ceylon Booking Fee of 8 annas in addition to the above scale will be charged for every group of 20 words sent to or from any Station in Ceylon, and a half rate, *viz.*, 1 Rupee, for every additional 10 or fraction of 10 words in excess of 20.

11. These rates do not apply to Indo-European messages, which for the present will remain unaltered.

12. The day, hour, and minute of receipt of a message into a Telegraph Office for transmission is, in every instance, added by the Department, forming the concluding words of the text of the message, and is telegraphed free of charge. Senders may, however, date their messages if they think fit, but the sender's date, if inserted, will be charged for, and, in view to avoid confusion, will, if given at the end, be transferred to the beginning of the text of the message.

13. The accuracy of messages is not guaranteed, and the sender and receiver have to accept all risk arising from errors and delays.

14. Senders of messages are advised to write their messages in an unmistakable and distinct hand, and to use the shortest and most familiar words they can select. The more intelligible the message is, the greater is the probability of its being transmitted correctly.

15. The accurate transmission of messages is rendered much more certain by their being repeated back from each repeating Station. This repetition is charged for at half price extra, and is advised in all messages of great importance.

16. The errors which chiefly occur are in the numerals, such as *sixteen, sixty—thirteen, thirty*, owing to the sound and first three or four letters being similar. To obviate this, it is recommended that in all financial or money messages, the sum be given in two forms, halving or doubling the amount, thus, "Pay to my order Rs. 500 or half 1,000." When this is done, an error is of very rare occurrence.*

17. Messages in cypher are transmitted at the ordinary charge; they must be either in ordinary English words of concealed meaning or in numbers written in full, as in a cheque.

Figures are telegraphed as if written in full, as in a cheque, and charged for according to the number of words; thus, "Rupees fifteen hundred and sixty-four" count as six words.

18. Should a message in cypher be tendered for transmission simultaneously with a message in ordinary language, the latter will take precedence of the former.

19. All messages must be in the English language, except those for or from Europe by the Indo-European Telegraph, which may be in French or other European language in the Roman character.

20. The name and signature of the sender must be written on the face of every message.

21. When a message is delivered wholly or partially in an unintelligible state, a refund of the cost of the portion rendered useless will be made to the sender if application be made within three months of the date of despatch, provided the message has not been transmitted beyond the limits of India, its dependencies on Ceylon, and within twelve months in the case of messages for countries beyond India, as China, Australia, Egypt, and Europe. Such refunds will be made irrespective of whether the message has been paid for

at repetition price or not; but no refund will be given for any error in an unrepeatable message arising from wrong figures being given, unless the precaution advised in No. 16 of these Rules shall have been adopted. Refunds on account of messages which have not reached their destination will be made subject to the above limits as respects time, as will also refunds for unjustifiable delay of messages. By unjustifiable delay is meant that arising from neglect in the Offices. When a message is detained by an interruption on any section of the line, and is sent on by next post to the nearest Telegraph Station, the time occupied by the post is not allowed to count as delay in the Telegraph Department. When a message occupies in transit more than two-thirds of the time it could have been sent by post in, a refund in full will be accorded.

22. Complaints regarding missing or inaccurate messages should be addressed to the Complaint Office, Calcutta. An exact copy of the message in question, and the receipt of the Dispatching Office, should in all cases accompany the complaint.

23. Private messages shall be despatched in the order of their receipt in the Telegraph Office. Should two or more messages be tendered simultaneously, the shortest shall have precedence, without reference to its relative importance.

24. No message or messages of more than 200 words in all can be sent at one time by any private individual or firm, and no second message by the same individual or firm till after the lapse of three hours, unless the line be free and not required by any one else.

25. When two or more lines extend between any two places, messages will be sent by the direct line. Senders cannot choose the line, but they may send by two or three lines on the payment of double or triple price.

26. Messages are sent "bearing" from seaports when received by Mail Steamers or other vessels for despatch, but no message, whether paid or bearing, will be received for transmission from any vessel until her name has been made known. Bearing messages will not be delivered to the addressee till payment has been obtained.

27. In cases of extreme pressure of business, Telegraph Masters may refuse to receive for despatch any messages beyond the number which experience shows may be cleared off within the day. The messages in such cases are not to be received and kept for despatch the following day, but must be returned so as to prevent accumulation.

28. In case of interruptions on any line, Telegraph Masters have the power to refuse the receipt of messages for transmission.

29. When an interruption occurs, notice to that effect is to be posted conspicuously at the entrance of each Office, and communicated to the Press for public information.

30. In every such case, all persons tendering messages for places beyond the interrupted section are to be informed of the interruption, advised not to leave the message, and acquainted that a refund will not be made in case of delay from this cause.

31. The sender of a message may pre-pay the charge for a reply, which must be limited to the

* The accidental omission of the word *Not* causing in many cases the total change of the intended meaning of a message, this word is always signalled, in slow time, twice over by the sender, and once back by the receiver, at each Station. The same precaution is taken in signalling the words *our* and *yours*.

number of words so pre-paid for, and must be sent within three days of receipt of the message, or the right of sending a reply "paid bearing" will lapse. Should the sender not receive a reply within 14 days, the Telegraph Master will refund to him, on demand and receipt, the deposit made for such reply.

32. Telegraph Masters are authorized to refuse to transmit a message which may be of a decidedly objectionable character. Should the character of the message be disputed, the matter may be referred to a Secretary to Government if the dispute occur at the seat of a Government, or to the chief Civil Officer if at a provincial Station.

33. To secure secrecy as much as possible, all persons, including Officers of the Telegraph Department not actually on duty, are strictly prohibited from entering the Signal Room. The only exception to this rule is for senders of messages, who may be allowed to see their messages despatched, if they attend the Office at the time of their turn for transmission.

34. Violation of secrecy on the part of any person in the Department will be punished by dismissal from office, forfeiture of arrears of pay, and a declaration in the Official Gazette of the incapacity of the delinquent to serve the Government in any official capacity. It is a violation of secrecy to mention the fact that any message has been received or despatched by any particular person or firm.

35. Service messages from all public functionaries must be paid for in cash prior to despatch, the rates being the same for distance and number of words as those charged to private individuals.*

36. Service messages have no right of precedence, and take their turn of despatch with private messages, except in cases of pressing public emergency and importance, when priority may be claimed on special grounds.

37. The sums paid by public functionaries for the despatch of messages will be recovered from Government by the senders, in their own Departments, by contingent bills countersigned as usual.

38. On certain emergent occasions of great importance, the public functionaries named below have the power of "clearing the line," that is, of suspending the receipt and despatch of all other messages till the one for which the line is cleared has passed on:—

The Governor General of India.

The Governors of Madras, Bombay, and Ceylon.
Commanders-in-Chief, India, Madras, and Bombay.

Lieutenant Governors of Bengal, North-Western Provinces, and Punjab.

Secretaries to the Government of India.

Secretaries to the Governments of Madras, Bombay, Bengal, the North-Western Provinces, and the Punjab.

Chief Commissioners of Oude, the Central Provinces, and British Burmah.

Commissioner of Scind.

Director General of Telegraphs in India.

The Resident at Hyderabad (Deccan).

The messages so sent are, however, to be paid for in cash as in ordinary.

39. No unpaid messages, except those specified in Departmental Regulations, shall on any account whatever be transmitted. A violation of this rule will subject the Signaller or Telegraph Master of the Station the message is sent from to dismissal from the public service.

The following Resolution is published in the *Gazette of India*:—

No. 2621, dated the 21st November 1867.

READ—

Resolution No. 1987, passed in this Department on the 15th August 1867, deciding, *inter alia*, that "persons living on the rent of their houses ought to be liable to take out licences" under Act XXI of 1867.

RESOLUTION.—Since the above-mentioned Resolution was passed, an opinion has been recorded by the Advocate General in Bengal, in accordance with which the Governor General in Council is pleased to rule that persons living on the rent of their houses are not subject, as owners of houses, to the operation of the License Act, and that all sums therefore which have been levied from them, as owners of houses, under the provisions of the Act, should be refunded.

* The only exceptions to this rule are enumerated in special printed instructions issued to each Office.

The 6th December 1867.

No. 2887.

The under-mentioned paragraphs of Financial Despatch from the Right Hon'ble the Secretary of State for India, to the Government of India, No. 368, dated 24th October 1867, are published for general information :—

PARA. 1.—I have considered in Council the Financial Letters from your Government noted in the margin, relating to the affairs of the Bank of Bombay.

Financial Letters from Government of India, dated	
19th January 1867, No. 27.	
29th March " " 89.	
23rd " " " 89.	
18th April " " 114.	
1st June " " 134.	
24th " " " 140.	
3rd July " " 150.	
12th " " " 165.	
15th " " " 168.	

2. I do not consider that any advantage would attend my entering in this Despatch on an enquiry as to the past mismanagement of that Bank. The evils to be guarded against in future are fully apparent.

3. In regard to the two propositions which were more immediately before your Government, viz., the amalgamation of the Banks of Bengal and Bombay, or the establishment of a new Bank at Bombay, a material difference of opinion prevailed amongst the Members of your Government, as to the expediency of Government holding shares in any Bank; and the several Minutes which you have forwarded on the subject have received my attentive consideration.

4. I fully admit that the connection of the Government with the Presidency Banks is calculated materially to strengthen the confidence of the public in their stability; but so far as regards holding shares, this connection is objectionable in principle, and has led, in certain cases, to grave misapprehension. Nor, in order to secure confidence in the Bank, does it appear to me that it is necessary that the Government should hold shares. I am of opinion that the same effect would be attained, in a sufficient degree, if arrangements could be devised whereby the Government should always be supplied with timely and accurate information as to the mode of conducting the business of a Presidency Bank, and were then to employ it as the Government Banker.

5. Entertaining this opinion, although I am aware that it is not in the power of the Government to withdraw (at all events immediately) from being a shareholder in the Banks of Bengal and Madras, I could not consent to the Government becoming a shareholder in a new Bank to be established at Bombay or elsewhere.

6. I request therefore that you will make it known that I cannot consent that the Government should take any shares in a new Bank; but if one can be established on a satisfactory footing, and if the shareholders are willing to agree to such conditions as the Government may impose, I shall not object to place the Government Banking business in the hands of the new Bank.

7. Among the essential conditions I should require the Bank to agree that a Government Officer appointed for the purpose should at all times have free access to the correspondence and books of the Bank, and that the bye-laws of the Bank should be approved by Government, and not altered without their concurrence.

8. If these conditions be acceded to, it would be necessary for you to appoint a competent Officer to perform that duty, and I regard it as of so much importance that it should be his principal, if not his only, employment, and you would require

him to make to the Government of Bombay, weekly, a report on the proceedings of the Bank.

9. You will consider and report to me what further conditions it may be expedient to prescribe, but keeping in view the above instructions, I authorize you to enter into an arrangement with the Bank.

10. It will be obvious that as the Government will not take shares in the new Bank, I could not, in fairness to the community of Bombay, allow the Bank of Bengal, in which Government is a shareholder, to establish a branch at Bombay.

TRADE AND NAVIGATION.

*ACCOUNTS relating to the TRADE and NAVIGATION of BRITISH
INDIA for the Twelve months ended 30th April 1867.*

[Published by order of the GOVERNOR GENERAL in COUNCIL.]

The following Returns embody the Statistics of the Trade and Navigation of British India for the twelve months ended 30th April 1867. Their publication has been retarded by the discovery of defects and errors in some of the subsidiary Statements which necessitated their return for correction. The amended Returns were received on the 26th November.

Owing to want of uniformity in the expression of weights and measures, and to other imperfections in the local Statements, due principally to the novelty of the work, it has been found necessary to postpone the issue of Consolidated Returns of the Quantities of Articles Imported and Exported; but with this exception the Returns now presented are complete, and have been brought down to the latest date for which information was available at the time of preparation for publication.

10. Whenever the Local Government shall be

 public servant within the meaning of Chapter X of the Indian Penal Code, and shall have the same powers for summoning witnesses and compelling the production of documents, and generally for the discharge of his duty under the commission, and shall be entitled to the same protection as a District Judge, except that all summonses to witnesses or other compulsory process, shall be served through, and executed by, the District Judge in whose jurisdiction the witness or other person on whom the process is to be served, resides; and if he resides within the local limits of the ordinary original civil jurisdiction of the High Courts of Judicature at Calcutta, Madras or Bombay, then through such High Court.

When the commission has been issued to a Court, or any person having power to issue such process in the exercise of its or his ordinary authority, the Court or he may also use all such power for the purposes of the commission.

17. All persons disobeying any lawful process issued as aforesaid for the purposes of the commission, shall be liable to the same penalties as if the process had issued originally from the Court or other authority through which or through whom it is executed.

18. A copy of the articles of charge and a list of the documents and witnesses by which each charge is to be sustained, shall be delivered to the person accused at least three days before the beginning of the inquiry, exclusive of the day of delivery and of the first day of inquiry.

19. At the beginning of the inquiry the prosecutor shall exhibit the articles of charge to the Commissioner.

Such articles shall be openly read, and the person accused shall thereupon be asked whether he is guilty of the offence charged, or claims to be tried.

If the accused person pleads guilty to each of the articles, or if he refuses, or without reasonable cause neglects to answer the charge either personally or by his counsel, the inquiry shall be deemed to be closed, and he shall be taken to have admitted the truth of the articles of charge.

20. If the accused person shall claim to be tried, the prosecutor shall then be entitled to address the Commissioner in explanation of the articles of charge and of the evidence by which they are to be proved, but his address shall not be recorded.

21. The Commissioner or some person appointed by him, shall take notes in English of all the oral evidence: the provisions of Sections 198, 199, 200, 244, 365, 367, 372, 373, 374, 375, 376 and 377 of the Code of Criminal Procedure shall, *mutatis mutandis*, be applicable to inquiries before Commissioners under this Part; and every such inquiry shall be deemed to be a judicial proceeding within the meaning of Section 193 of the Indian Penal Code.

22. After the close of the inquiry the Commissioner shall forthwith report to the Local Government his proceedings under the commission, and shall send, with the record thereof, his opinion of the articles of charge severally, with such observations as he thinks fit on the whole case.

23. The Local Government, upon consideration of the report of the Commissioner, may order him to take further evidence or give further explanations of his opinion. It may also order additional articles of charge to be framed, in which case the inquiry into the truth of such additional articles shall be made in the same manner as is herein directed with respect to the original charges.

When Special Commissioners shall have been appointed, the Local Government may also, if it think fit, refer the report of the Commissioners to the Court, or other authority to which the person accused is subordinate, for its opinion on the case, and the Local Government will finally pass such orders thereon as may be just and within its powers in such cases.

24. The Judge of a District Court may, whenever he sees urgent necessity for so doing, suspend any Principal Sadr Amín, Sadr Amín or Munsif within his jurisdiction: but in every such case he shall forthwith report to the Local Government the circumstances of the case.

25. Every British-born subject of the Queen, or descendant of such British-born subject, who shall be appointed a Principal Sadr Amín, Sadr Amín, or Munsif shall, in respect of all acts done by him as such Principal Sadr Amín, Sadr Amín, or Munsif, be liable to the same procedure as well criminal as civil, and shall be amenable to the jurisdiction of the same tribunal, as if he were not of British birth or descent.

26. Nothing in this Act shall be construed to affect the provisions contained in Section 167 of the Code of Criminal Procedure, or the authority of the Local Government to suspend or remove any Principal Sadr Amín, Sadr Amín, or Munsif, for any cause, without an inquiry under this Part, and to appoint another person in his stead.

PART IV.

Jurisdiction.

(a.)—Principal Sadr Amíns.

27. Principal Sadr Amíns are empowered to try original suits for moveable or immoveable property of any amount or value exceeding rupees three thousand.

28. Whenever it may appear to any District Judge impracticable to dispose, with reasonable despatch, of all the appeals that may be pending before him, he may refer such number of appeals as he may deem necessary, to the Principal Sadr Amín subordinate to him; and such Principal Sadr Amín shall hear and dispose of such appeals accordingly.

29. The Local Government may, whenever it shall seem expedient so to do, invest any Principal Sadr Amín with the powers of a Judge of a Court of Small Causes, within such local limits as it shall from time to time appoint. But save as provided in the former part of this Section, nothing in this Act shall be deemed to affect Courts of Small Causes.

(b.)—*Sadr Amíns.*

30. Sadr Amíns are empowered to try original suits for moveable or im-
 Jurisdiction of Sadr Amíns. moveable property, the amount or value of which shall exceed rupees one thousand and shall not exceed rupees three thousand.

(c.)—*Munsifs.*

31. Munsifs are empowered to try original suits for moveable or im-
 Jurisdiction of Munsifs. moveable property not exceeding in amount or value the sum of rupees one thousand, or such greater sum as the Local Government shall, by notification in the official *Gazette*, from time to time appoint.

(d.)—*District Judges.*

32. In all suits before the Court of any Principal Sadr Amín or Munsif of which the amount or value of the subject-matter shall be equal to, or less than, the sum of rupees ten thousand, the appeal from the decision of the said Courts shall be to the District Judge to whom, and not to the High Court to which, such Court shall be subordinate. In all other suits the appeal from the decision of the said Courts shall be direct to the High Court, and shall be conducted as if it were an appeal from a decision of a District Judge to the High Court.

33. Whenever a District Judge shall refer for trial to a Sadr Amín or Principal Sadr Amín, a suit which a Munsif is competent to decide, the suit shall be subject to the same rules in regard to appeal as it would have been subject to had it been in the first instance received and tried by the Munsif: Provided that, when any such suit shall have been decided by a Principal Sadr Amín, the appeal from such decision shall lie to the District Judge, and his decision thereon shall be final.

34. Whenever a District Judge shall refer for trial to a Principal Sadr Amín a suit which a Sadr Amín is competent to decide, the suit shall be subject to the same rules in regard to appeal as it would have been subject to had it been in the first instance referred to and tried by the Sadr Amín.

35. The High Court may from time to time by order under the hand of its Registrar, authorize the Judge of any District Court subordinate to such High Court to transfer to a Principal Sadr Amín any civil proceedings, whether miscellaneous or summary, which may be pending when such order is issued, or may be thereafter instituted, in the Court of such District Judge. And all proceedings so transferred shall be disposed of by the Principal Sadr Amín according to the rules prescribed for the guidance of District Judges in the like cases: Provided

that an appeal from the order of the Principal Sadr Amín in such cases shall lie in the first instance to the District Judge, and specially to the High Court.

STATEMENT OF OBJECTS AND REASONS.

The primary object of this Bill is to increase in the Presidency of Bengal the jurisdiction of the District Munsifs. That jurisdiction, which in Madras extends to rupees 1,000 and in Bombay to rupees 3,000, has, since 1831, been limited in the Lower and the North-Western Provinces to rupees 300. Both the local High Courts are of opinion that the judicial ability of the Bengal Munsifs is now such that they may be safely entrusted at once with a jurisdiction extending to rupees 1,000, power being reserved to the Local Government to raise the jurisdiction from time to time as may seem expedient. It is proposed that the Munsifs shall be appointed by the Local Government.

The Bill raises the jurisdiction of Sadr Amins to rupees 3,000.

The opportunity has been taken of consolidating the twelve Regulations and Acts in which the law relating to Principal Sadr Amins, Sadr Amins and Munsifs in Bengal is now contained.

Provision is also made for investing Principal Sadr Amins with the jurisdiction of Judges of Courts of Small Causes. The converse provision,—for investing Small Cause Court Judges with the jurisdiction of Principal Sadr Amins—has already been made by Act No. XI of 1865.

Lastly, in order to restore to the Civil Judges the jurisdiction of which they have been deprived by the operation of the mode of valuing revenue-paying lands introduced by the new Stamp Act, the Bill proposes to raise their appellate jurisdiction to rupees 10,000.

No. 35.

Bangkok, July 27th, 1867.

To the Right Hon'ble LORD STANLEY, M. P., Her Majesty's Secretary of State for Foreign Affairs, London.

MY LORD,—I have the honor to inform your Lordship that on my representing to His Excellency the Kalahome the inconvenience and delay resulting from the Port Regulation, which enacts that Merchant Vessels coming to load at Bangkok must land their guns and ammunition at Paknam, His Excellency submitted the matter to his Government, and has now authorized me to make known that, from the 1st of December next until further notice, vessels need not land their guns, but their ammunition only.

This concession gives great satisfaction to our merchants here, and will be hailed with much pleasure by Shipmasters trading at the Port, as their ammunition can be moved with ease ; but the loss of time in getting out their guns on arrival, and re-shipping them on departure, often amounted to a day.

I have, &c.,

HENRY ALABASTER,
Acting Consul.

NOTIFICATIONS.

Fort William, the 18th December 1867.

Political.

No. 1247.

On the 1st of August last, the uncle of the Chief of Lawa, or tributary of Tonk, was treacherously murdered with a party of his followers numbering fourteen men. The evidence fully proves that the crime was perpetrated with the knowledge and at the instigation of the Nawab, the present Ruler of Tonk.

The Viceroy and Governor General of India in Council has resolved to punish this atrocity by the deposition of the Nawab.

Further, to mark his displeasure, the Governor General in Council has ordered that the salute due to the Ruler of Tonk shall henceforth be reduced from 17 guns to 11.

His Excellency in Council has directed the subjoined proclamation to be published for the information of the Chiefs and people throughout Rajpootana.

PROCLAMATION.

Camp Lucknow, the 14th November 1867.

Be it known to the Nobles, Chiefs, and people of the principality of Tonk, that tidings of the outrage which was perpetrated on the 1st of August last on the person of the uncle and certain followers of the Chief of Lawa, have been reported to the Viceroy and Governor General of India in Council.

His Excellency the Viceroy and Governor General, from the full evidence taken on the spot, has been forced with pain to the conviction that the tragedy could not have taken place without the knowledge, and indeed without the instigation, of the Nawab, the present Ruler of Tonk.

The Viceroy and Governor General in Council has resolved, both as a punishment of this crime and because since its commission the Government of India could repose no confidence in his administration, that the Nawab shall be removed from his Government, and that his son shall be proclaimed successor.

During the minority of the young Nawab, the British Government will administer the Government through Ibadoollah Khan, the uncle of the ex-Nawab, or make such other similar arrangement as it may see fit. But beyond the separation of Lawa from Tonk, no alteration will be made in the constitution of the State. Lawa will now become a separate Chiefship, and will so remain for ever under the protection of the British Government. The heirs of the murdered man will receive maintenance through the British Government out of the revenues of Tonk.

The Viceroy and Governor General in Council accordingly now proclaims to the Nobles, Chiefs, and people of Tonk the change in the succession, and calls upon them to submit to the Government of the new Nawab, and during his minority to the administration which will temporarily be introduced by the Agent to the Governor General.

The Governor General in Council entertains the hope that the present lesson will not be lost upon the country; but that it will lead both in Tonk and throughout the Province of Rajasthan to the well being and prosperity of all concerned, both of those who govern and of the people.

By order of the Viceroy and Governor General of India,

W. MUIR,
Foreign Secretary.

No. 3115.

The Governor General in Council is pleased to notify that the advances which have already been made and which may hereafter be sanctioned to the Civil, Police, and Medical Officers of the Hyderabad Assigned Districts under orders passed in the Foreign and Financial Departments on the 3rd January and 20th March 1867 respectively, to enable such Officers to erect small substantial houses of residence, are hereby declared to be subject to the following conditions :—

1. All such advances must be *bond fide* required for the purpose of building suitable houses for the personal residence of the Officers concerned, and if more is advanced than shall be actually expended for the purpose, the surplus shall be refunded to Government.

2. Such advances shall not in the aggregate exceed 6 months' salary.

3. The whole advance is repayable in two years.

4. Repayment will be made by Treasury Officers deducting monthly instalments equal to one-twenty-fourth part of the advance.

5. In order to secure Government from loss consequent on an Officer dying or quitting the service prior to complete repayment of the advance, the house so built must be mortgaged to Government, by whom the mortgage will be released when the full amount of the advance has been liquidated.

6. In the event of an Officer quitting the service or of his decease, before the whole advance has been liquidated, the house so built will become the property of Government, except in the cases following :—

The Officer may, within one month after his retirement in India, or within six months after his retirement in Europe, or his Executors or Administrators in the event of his decease in the service, may, within six months after his death, submit a request that the

house may be put up for sale at an upset price sufficient to cover the balance due. Thereupon the house will be put up for sale, the amount required being specified in the advertisement of sale. The Officer or his representatives must undertake to bear all the expenses of sale, advertisement, &c. Any proceeds realized over the amount remaining due will be paid to the Officer or his representatives.

7. Any Officer quitting or removed from the station where he has built a house before the whole amount of the advance has been liquidated, will continue liable to the deduction of his monthly instalment until the advance has been repaid, but with the special sanction of Government he may be allowed to dispose of the house, provided he is thereby enabled to clear off the whole amount due at once, or to transfer it to any Officer of his own or higher rank. The future deductions will be made from the salary of such Officer.

8. No Officer will, under any circumstances, be allowed a second advance whilst any amount remains due on a previous one.

9. All applications for such advances must be made through the Departmental superior, who will record his opinion as to the necessity for the assistance solicited. The Officer must certify that the sum is to be expended in building only, and that should there be any surplus funds after the house is completed, they will be at once refunded to Government.

10. The last pay certificate granted to Officers under advances, must specify the original amount of such advance, the amount repaid, and the balance remaining due.

11. A form of mortgage bond, with necessary instructions for executing it, will be issued to Officers who may wish to avail themselves of the advance.

RULES RELATING TO SPECIAL SHEGRAMS AND MAIL CARTS.

1st.—The Table shows the rate at which a special Shegram will be given, whether taken by one or more Passengers.

2nd.—The maximum weight allowed to a Shegram will be five maunds, the weight of each adult (over twelve years) being reckoned at two maunds, and of each child at one maund; thus a Passenger travelling alone may take three maunds of luggage; if two persons go, then one maund only will be allowed.

NOTE.—Children under three years will not be reckoned in the calculation of weight.

3rd.—All applications for special Shegrams should be addressed to the Post Masters of the Purneah or Darjeeling Post Offices. Notice should be given seven full days before the Dāk is required, as only one special Shegram can be supplied daily; the full amount due for the Dāk must be paid in advance. No Shegram will be allowed to start within an interval of less than 20 hours after the despatch of the previous one.

4th.—A detention of six hours for refreshments will be allowed to Travellers by Shegram on the journey between Caragolah and Siligory.

5th.—Travellers are requested to write their names and address legibly.

6th.—If after ordering a Dāk the Traveller should fail to avail himself of it, he will forfeit the amount paid. A Dāk, however, on good reasons for it being given to the Superintendent of Mails, can be postponed up to a week without forfeiture of the amount paid.

7th.—Passengers can be accommodated with a seat in the Mail Cart on paying for it at the rate of 2½ annas per mile in advance to the Post Master or Deputy Post Master in charge of the Office at which he books himself. Each Passenger will be allowed 10 seers of luggage free. All extra baggage which the weight of the Mails will admit of being taken will be charged for at Baughy rates.

NOTE.—Heavy baggage can be sent by Bullock Train.

9th.—The Mail Cart goes straight through from Caragolah to Siligory, and *vice versa*, without halting at any intermediate Station, excepting for the purpose of changing horses, or delivering or receiving Mails:—

			TITALYAH	2 8 0

10th.—Two seats only in the Mail Cart will be allowed, and a seat can only be booked beforehand on the condition that the weight of the Mails in the Cart will admit of a Passenger proceeding by it, and that, if booked at an intermediate Office, it is not already occupied by a Traveller from the Office in rear.

11th.—The fare for a seat in the Mail Cart must be paid before the Traveller starts, and the receipt obtained must be produced when required for inspection by any Official in charge of a Post Office, or otherwise authorized to require it.

12th.—All baggage taken by Travellers proceeding either by Shegram or Mail Cart must be weighed at the Post Office before the receipt is given and the Cart or Shegram allowed to start.

13th.—Post Masters and Deputy Post Masters will be responsible that baggage in excess of that sanctioned is not taken by any Traveller by Mail Cart or by Shegram.

14th.—Travellers engaging seats in Mail Carts must be prepared to start from the Post Office Compound.

15th.—A fare once paid cannot be refunded, and a Shegram or a seat in the Cart cannot be considered as engaged until the fare be paid.

16th.—Travellers proceeding with the Mails are expressly prohibited from detaining the Mail Cart on the road; if they wish to halt at any intermediate Station, they are at liberty to do so on the understanding that they must wait for the Mails of the following day, when, if not occupied by Passengers, they may resume their journey, but in such cases the permission of the Post Master or Deputy Post Master of the Office where the Dāk is engaged must be previously obtained and notified.

17th.—Travellers are prohibited from interfering with the Departmental arrangements for horses, &c., on the road, and they are also enjoined to be careful not to abuse or maltreat the Road Establishment; any irregularity or want of care on the part of the Establishment that comes under the observation of Travellers or others should be reported to the Superintendent of the Establishment or to the Post Master General of Bengal, when an enquiry will be instituted, and the parties in fault punished.
